ORDER OF THE BOARD (by J. C. Marlin):

On December 17, 1992, the Board issued an order directing the parties in this case to file a status report on or before December 31, 1992. At that time, a status report was due in this case and was 61 days late. Accordingly, the Board order stated that a failure to file would render this proceeding subject to dismissal for want of prosecution.

On December 30, 1992, the Board received a status report from Safety-Kleen in this matter. The report stated that on December 11, 1992, Safety-Kleen and the Illinois Environmental Protection Agency (Agency) met to discuss the resolution of this case. According to Safety-Kleen, the parties have developed an agreement for resolution. However, Safety-Kleen is waiting for the Agency to finalize the form the documents that Safety-Kleen needs to submit to the Agency. Safety-Kleen states that it is willing to file another status report with the Board in thirty days. Accordingly, the Board orders Safety-Kleen to file its next status report on or before February 8, 1993.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 7th day of January, 1993, by a vote of 5-0.
