Respondent. )

ORDER OF THE BOARD (by G. T. Girard):

On September 30, 1992, the petitioner filed a petition captioned as above requesting the Board "to promulgate the following specific thermal standards to be applied to the recirculated condenser cooling water discharge to Clinton Lake from the Illinois Power's Clinton Power Station". (Pet. at 1.) The petition further states, however, that "[t]he timing of the present proceeding coincides with the period of time during which Illinois Power must file with the Board its petition regarding the heated effluent demonstration for Clinton Lake as required by Section 302.211(f). Illinois Power is assembling the final exhibits and other documentation for the thermal demonstration, and presently intends to file its petition pursuant to Section 302.211(f) in the very near future." (Pet. at 34-35.) The petition finally goes on to state that the principal objective of filing this petition before filing its Section 302.211(f) petition is to secure the final year of a variance granted by the Board in PCB 89-213. (Pet. at 35.)

On October 14, 1992, the petitioner filed a document indicating that the document was the petition for hearing on heated effluent demonstration. The Board docketed that petition as PCB 92-153. The filing also included a motion to consolidate the case with PCB 92-142. The actual filing of October 14, 1992, is titled "Additional Exhibits in Support of Petition for Hearing on Heated Effluent Demonstration".

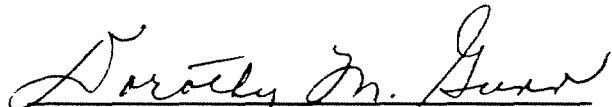

0136-0407

The Board is unclear as to exactly what relief the petitioner is seeking in view of the quoted provisions from the petition in PCB 92-142. However, given the subsequent filing docketed in as PCB 92-153, the Board will interpret the additional filing as an amendment to this docket. Therefore, the Board will dismiss the docket PCB 92-153 and proceed in this docket with the petitioner's request for a hearing on the heated effluent demonstration.

The docket PCB 92-153 is hereby closed and the October 14, 1992 filing by petitioner is accepted as an amendment to this docket.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, do hereby certify that the above order was adopted on the 16<sup>th</sup> day of October, 1992, by a vote of 7-0.

  
Dorothy M. Gunn, Clerk  
Illinois Pollution Control Board
