ORDER OF THE BOARD (by M. Nardulli):

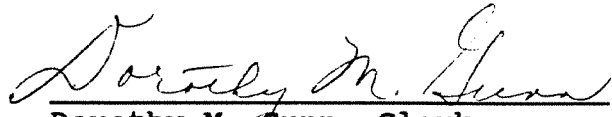

This matter comes before the Board on a joint motion to stay the scheduling of a hearing filed on May 5, 1992. This petition was filed with the Board on April 30, 1991. On May 5, 1992, the Board received a status report indicating that the parties have provided the Board with an additional waiver of the Board's decision deadline until November 30, 1992. The parties assert that they have been working diligently to resolve the legal and technical issues of this matter. Specifically, the parties have held several meetings and telephone conferences, and the Illinois Environmental Protection Agency has made two plant visits. The parties also assert that the issues have been further complicated by the necessary involvement of many different agencies and the significant changes in applicable federal and state regulations. Finally, the parties expect that the matter will be resolved in six weeks. For these reasons, the parties believe that it would be a waste of public and private resources to schedule, notice and prepare for hearing in this matter at this time.

The Board hereby grants the parties' motion to stay the scheduling of a hearing. The Board directs the parties to file another status report with the Board to be received by the Board no later than June 30, 1992. The Board notes that the June 30, 1992 date will allow the Board the time necessary to hold a hearing prior to the November 30, 1992 decision deadline, if a hearing is necessary.

IT IS SO ORDERED.

B. Forcade abstained.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, do hereby certify that the above order was adopted on the 7th day of May, 1992, by a vote of 6-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
