Respondent. )

ORDER OF THE BOARD (by J. C. Marlin):

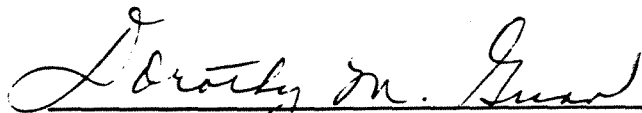

On January 15, 1993, the parties filed a joint status report in accordance with the Board's order of December 17, 1992. They report that after a series of discussions, Safety-Kleen and the Agency reached agreement on how to resolve all of the issues raised in the above-captioned appeal. In order to memorialize the understandings of the parties and to resolve the disputed permit conditions giving rise to this appeal, the Agency asked Safety-Kleen to submit a modified permit application. During October, 1992 Safety-Kleen did so. The application incorporated changes and information supporting the understandings of the parties.

The parties state that the revised permit application is now under review by the Agency for development of a modified permit. The Agency anticipates that that permit will be issued within the next several weeks. Once the permit is issued, Safety-Kleen anticipates filing a motion to voluntarily withdraw this appeal.

The parties are directed to file an updated status report on or before April 16, 1993 in the event this appeal has not been dismissed.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 21<sup>st</sup> day of January, 1993, by a vote of 6-0.

  
Dorothy M. Gunn, Clerk  
Illinois Pollution Control Board
