ORDER OF THE BOARD (by J. C. Marlin):

On January 15, 1993, the parties filed a joint status report in accordance with the Board's order of December 17, 1992. They report that on December 11, 1992, they met to discuss a resolution of the issues in this closure appeal. As a result of their meeting, the parties have developed a conceptual agreement for resolution of this matter and similar closure appeals at other Safety-Kleen facilities in Illinois. At this time, the Agency is finalizing the form of the submittals the Agency would like Safety-Kleen to make to document the implementation of the agreement reached between the parties.

Once the Agency has finalized the format of the documentation it will require, the parties will be in a position to resolve this matter and Safety-Kleen will voluntarily withdraw this appeal. The parties also plan to use the same framework and forms of documents to resolve the pending closure appeals for Safety-Keeln's Schaumburg Facility (PCB 92-136) and the Arlington Heights Facility (PCB 92-126). The parties anticipate that the Agency will finalize the documentation format for submittals it will require within the next several weeks. The parties intend to file another status report within 30 days.

The parties are directed to file an updated status report on or before February 20, 1993.

IT IS SO ORDERED.

0138-0415

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 21<sup>st</sup> day of January, 1993, by a vote of 6-0.

Dorothy M. Gunn  
Dorothy M. Gunn, Clerk
