IN THE MATTER OF: )  
 )  
PETITION OF THE REYNOLDS ) AS 91-8  
METAL COMPANY FOR ADJUSTED ) (Adjusted Standard)  
STANDARD FROM 35 ILL. ADM. )  
CODE 218.980 )

ORDER OF THE BOARD (by G.T. Girard):

On June 10, 1992, Reynolds Metal filed a status report pursuant to the Board's order of March 11, 1992; the Agency concurs with this report.

The Board accepted this matter for hearing on January 23, 1992, but delayed assigning a hearing officer. This delay is necessary because the petition could result in a revision to the State Implementation Plan (SIP). Before a revision to the SIP can be accepted, the USEPA must first revise the Federal Implementation Plan (FIP). Reynolds has petitioned USEPA for the revision to the FIP and is waiting for USEPA's decision.

In its most recent report, Reynolds states that:

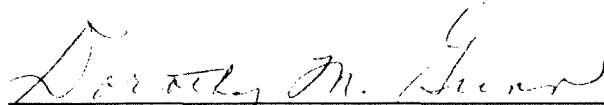

The [US]EPA has advised that it will very shortly publish a further notice staying the effectiveness of the FIP regulations and the applicable compliance dates as they apply to Reynolds for as soon long as necessary to complete the [US]EPA's reconsideration of the effectiveness of the FIP rules to Reynolds.

The [US]EPA has also advised that it is proceeding expeditiously with this reconsideration.

The parties are directed to file an updated status report on or before October 1, 1992.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 23<sup>rd</sup> day of June, 1992, by a vote of 7-0.

Dorothy M. Gunn, Clerk  
Illinois Pollution Control Board
