ORDER OF THE BOARD (J. C. Marlin):

Pursuant to the Board's order of January 7, 1993, on February 8, 1993 Safety Kleen filed a status report. The report states that on December 11, 1992, the parties met to discuss a resolution of the issues underlying the above-captioned closure appeal. As a result of their meeting, the parties believed they have developed a conceptual agreement for resolution of this matter and similar closure appeals at other Safety-Kleen facilities in Illinois.

The report notes that at this time, the Agency is finalizing its comments on the form of submittals the Agency would like the Petitioner to make to document the implementation of the agreement reached between the parties. Once the Agency has made these determinations, Safety-Kleen states that the parties will be in a position to resolve this matter and dismiss this appeal. The parties also plan to use the same framework and forms of documents to resolve the pending closures appeals for Safety-Kleen's Pekin facility (PCB 92-29), the Schaumburg Facility (PCB 92-136) and Arlington Heights (PCB 92-126).

The parties anticipate that the Agency will finalize the form of the submittals it will require within the next several weeks. Safety-Kleen will provide the Agency with comments as to the IEPA proposed documentation during the week of February 8, 1993 and anticipates that these matters will be resolved soon thereafter.

The parties are directed to file another status report on or before March 25, 1993 concerning the status of this matter and the related matters.

IT IS SO ORDERED.

0139-0475

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 15th day of FEBRUARY, 1993, by a vote of 6-0.

Dorothy M. Gunn
