v.)	PCB 91-87
)	(Permit Appeal)
ILLINOIS ENVIRONMENTAL)	
PROTECTION AGENCY,)	
)	
Respondent.)	

ORDER OF THE BOARD (by, J. C. Marlin):

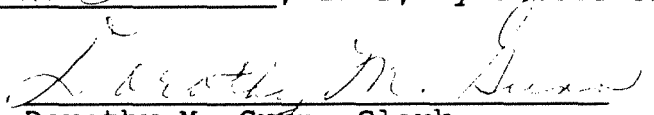

This matter is before the Board as a permit appeal of conditions contained in the Illinois Environmental Protection Agency's (Agency) modification of closure plans for several of Olin's hazardous waste sites located in East Alton, Illinois. On November 2, 1992, the Board received a joint status report from the parties to this action. The report stated that the parties are "actively pursuing" settlement. The parties report that they have agreed to the closure of two van box trailer storage units which are part of this appeal and have negotiated a clean closure plan with respect to a third unit. The Parties also report that on October 2, 1992 the Agency advised Olin that its closure/post-closure plans were not acceptable and directed Olin to file corrected plans. The Parties had planned a tentative meeting date in order to discuss plan modifications.

Olin and the Agency also report that they intend to continue negotiations in hope of reaching an agreement on a closure/post-closure plan which will lead to the closing of all the involved units. In addition, the report stated that if the parties reach such an agreement, Olin will move for dismissal of this appeal.

The Board orders the parties to submit another status report to the Board on or before January 5, 1993.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 19th day of November, 1992, by a vote of 7-0.

 Dorothy M. Gunn, Clerk
 Illinois Pollution Control Board
