ORDER OF THE BOARD (by R.C. Flemal):

On March 25, 1993, the Board ordered the parties to file status reports to be received on or before May 21, 1993. The petitioner filed its status report on May 21, 1993¹. Respondent filed its status report on May 24, 1993.

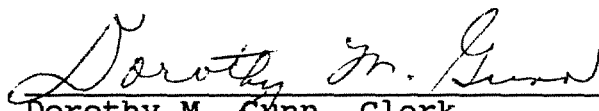

The parties state that respondent has now approved the work plan for the column leach test which addresses alleged soil contamination around certain of petitioner's tanks, and will shortly issue an approval letter. The parties report that the approval of the column leach test allows the parties to move toward resolving the dispute over soil contamination at certain tanks. Petitioner states that it remains hopeful that the matter will be settled without the need for hearing.

The parties are ordered to provide written status reports to be received by the Board no later than September 15, 1993.

IT IS SO ORDERED.

Board Member B. Forcade abstained.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 3rd day of June, 1993, by a vote of 5-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board

¹ The Board notes that petitioner titled its report, "Status Report and Waiver of the Board's Decision Deadline". The Board notes that no additional waiver was included with this filing, and that the current decision due date is March 31, 1994.
