ORDER OF THE BOARD (by J. Anderson):

This matter is before the Board on a motion to file a status report instanter filed on May 26, 1993 by the Illinois Environmental Protection Agency (Agency). The motion is hereby granted.

In its status report, the Agency states that Douglas Furniture has a petition for adjusted standard (AS 93-3)pending before the Board. This adjusted standard pertains to the coating regulations contained in 35 Ill. Adm. Code Part 218 as applied to Douglas Furniture. Finally, the Agency requests that the Board hold this matter in abeyance pending the resolution of the petition for adjusted standard.

On May 20, 1993, the Board issued an order granting a stay in this matter until August 9, 1993, approximately 120 days before the current decision deadline of December 17, 1993. The Agency is hereby ordered to file its next status report on or before August 9, 1993.
