PROTECTION AGENCY, )  
 )  
Respondent. )

ORDER OF THE BOARD (by J.C. Marlin):

This matter comes before the Board on receipt of an Agency Recommendation dated November 20, 1991. The recommendation refers to a request from Petitioner, General Motors Corp., for a provisional variance from the oils, fats, and greases and suspended solids (TSS) effluent requirements, as set forth in 35 Ill. Adm. Code 304.124 and from provisions of the variance granted in PCB 83-30, for the period from November 22, 1991 until the Petitioner completes an enlarged retention basin, but not for longer than 45 days. The Board granted the Petitioner a prior provisional variance for the same subject matter September 12, 1991, in docket PCB 91-168.

The Agency recommends that the Board grant the requested provisional variance with specified conditions. The Agency agrees that the repairs are necessary. The Agency anticipates that the requested provisional variance would have minimal environmental impact on the receiving stream. The Agency is unaware of any public water supplies that the requested provisional variance would adversely impact. The Agency maintains that a grant of a provisional variance would violate no federal laws. The Agency finds that a denial of the requested provisional variance would create an arbitrary and unreasonable hardship on the Petitioner.

The responsibilities of the Agency and the Board in these short-term provisional variances are different from the responsibilities in standard variances. See Ill. Rev. Stat. 1989, ch. 111½, pars. 1035(b) & (c). In provisional variances it is the responsibility of the Agency to make the technical determinations and finding of arbitrary or unreasonable hardship. The Board's responsibility is to adopt a formal Order, to assure the formal maintenance of the record, to assure the enforceability of the variance, and to provide notification of the action by a press release.

Having received the Agency recommendation finding that a denial of the requested relief would impose an arbitrary and unreasonable hardship, the Board hereby grants Petitioner a

provisional variance from 35 Ill. Adm. Code 204.124 and paragraphs 45(a), 45(i), 45(i)(1), 45(i)(2), and 45(i)(3) to the extent they pertain to suspended solids, on the following conditions:

1. The term of this provisional variance shall commence November 22, 1991, and it shall expire on the date the Petitioner completes construction of an enlarged retention basin, or after 45 days have elapsed, whichever comes first;
2. During the term of this provisional variance, the effluent from the Petitioner's treatment plant shall not exceed concentrations of 75 mg/l TSS (monthly average basis);
3. The Petitioner shall notify Steve Baldwin of the Agency's Champaign Regional office by telephone, at 217-333-8361, when it when the new retention basin is completed, and the Petitioner shall confirm this notice in writing within five days, addressed as follows:

Illinois Environmental Protection Agency  
Division of Water Pollution Control  
Compliance Assurance Section  
2200 Churchill Road  
P.O. Box 19276  
Springfield, Illinois 62794-9276

Attention: Pat Lindsey

4. The Petitioner shall perform the necessary construction work as expeditiously as possible to minimize the period of time discharge will occur; and
5. The Petitioner shall execute a copy of a Certificate of Acceptance of this provisional variance and forward that copy to the Agency addressed as is the written notice required in the above condition; the Petitioner shall forward that copy within 10 days of the date of this Order of the Board, and the Certificate of Acceptance shall take the following form:

CERTIFICATION

I (We), \_\_\_\_\_,  
hereby accept and agree to be bound by all terms  
and conditions of the Order of the Pollution  
Control Board in PCB 91-230, November 20, 1991.

\_\_\_\_\_  
Petitioner

\_\_\_\_\_  
Authorized Agent

\_\_\_\_\_
