ORDER OF THE BOARD (by, C. A. Mannning):

This matter is before the Board on a status report filed June 10, 1993, by Olin Corporation and the Illinois Environmental Protection Agency (Agency). The parties report that they have been actively pursuing settlement and that they have agreed in principle to coordinate the closure of several units involved in this appeal. The parties also state that pursuant to settlement discussions, Olin has submitted to the Agency a draft closure/post-closure plan for three of the units involved in this appeal. Additionally, Olin has submitted certificates of clean closure for the other units which are subjects of this appeal. Finally, the parties state that if an agreement on the closure certifications and the details of the modified closure/post-closure plan is reached, Olin will move for a dismissal of this appeal.

The parties are ordered to file a status report in this matter on or before September 17, 1993, in the event this appeal has not been dismissed.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 17th day of June, 1993, by a vote of 7-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
