ORDER OF THE BOARD (by R.C. Flemal):

On August 13, 1992, the Board ordered the parties to file status report on or before November 15, 1992<sup>1</sup>. The petitioner filed its status report on November 16, 1992. No status report was received from the respondent.

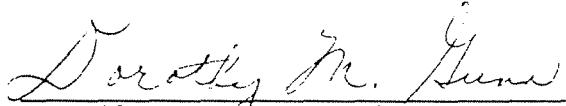

The petitioner states that the petitioner's and the respondent's representatives have met to discuss the work plan for the column leaching test. The petitioner reports that the respondent is currently reviewing the work plan in light of issues discussed at the meeting. The petitioner has granted an additional 60-day waiver of the decision to accommodate the respondent's review.

The Board is disturbed by the respondent's failure to respond to the Board's order for a status report. As a result, the record contains no information on the cause of the respondent's delay in reviewing the work plan. The parties previously reported that the respondent's decision on the work plan was expected by September 15, 1992. The parties are ordered to provide status reports to be received by the Board no later than February 1, 1993. The status reports shall include the expected date of resolution of this matter.

IT IS SO ORDERED.

<sup>1</sup> The Board notes that this date fell on a Sunday, therefore the reports were due on November 16, 1992.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 3<sup>rd</sup> day of December, 1992, by a vote of 7-0.
