STANDARD FROM 35 ILL. ADM. CODE 304.124 )  
(IRON AND TSS ONLY) FOR THE WATER )  
COMPANY'S EAST ST. LOUIS PUBLIC WATER )  
SUPPLY FACILITY )

ORDER OF THE BOARD (by R. C. Flemal):

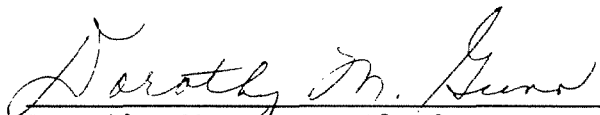

This matter comes before the Board on a motion to extend the Illinois Environmental Protection Agency's (Agency) response date filed on December 31, 1991 by Illinois-American Water Company (Water Company). The Agency has filed no response to this motion.

Section 106.714 of the Board's procedural rules provides that an Agency response to a petition for adjusted standard is due 30 days after the filing of the petition. Since Water Company's petition was filed on December 31, 1991, the Agency's response under the procedural rule is due January 30, 1992. It is apparent that Water Company seeks to provide the Agency with more information on its petition before the Agency files its recommendation.

The Board grants Water Company's motion to allow the Agency an additional 30 days to file its recommendation. Since the Agency has not replied to the motion, the Board deems that the Agency has waived objection to granting of the motion. (35 Ill. Adm. Code 101.241(b)). However, the Board recognizes that the Agency may file its recommendation prior to the extended due date, should it desire to do so.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 23<sup>rd</sup> day of January, 1992, by a vote of 5-0.
