

ILLINOIS POLLUTION CONTROL BOARD  
September 12, 1991

PEOPLE OF THE STATE OF ILLINOIS, )  
Complainant, )  
v. ) PCB 91-151  
UNITED STATES DEPARTMENT OF ) (Enforcement)  
THE NAVY, )  
Respondent. )

ORDER OF THE BOARD (by J. C. Marlin):

This complaint, filed August 23, 1991, was accompanied by a Stipulation and Proposal for Settlement.

On August 13, 1991, the Governor signed into law legislation amending Section 31 of the Act. The amendment allows the parties in certain enforcement cases to request relief from the requirement of a hearing, where the parties have submitted to the Board a stipulation and proposal for settlement. The new law, Public Act 87-0134, is effective immediately.

The obvious intent of the new law is to avoid unnecessary expenses to the State and to other parties; historically, fewer than 5% of the hearings conducted for review of such proposed settlements are attended by any member of the public. The law provides that the Board may, in its discretion, deny the request and also that any person may, within 21 days of notice from the Board, demand in writing that a hearing be held. In such cases, the Board will be obligated to conduct a hearing despite the parties' request.

As written, the parties must file their request for relief from the hearings requirement at the same time as their stipulation and proposal for settlement is filed. However, it appears that if no hearing has yet been scheduled, the parties may re-file or amend and file their stipulation and proposal for settlement along with a request for relief.

Since Public Act 87-0134 may apply to the instant case, the Board orders the parties to file, within 30 days of the date of this order, a motion to request for relief from the requirement for a hearing pursuant to subdivision (a)(1) of Section 31 of the Act, if the parties choose to avail themselves of the potential relief conferred by Public Act 87-0134.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order of the Board was adopted on 124 day of September, 1991 by a vote of 7-0.

Dorothy M. Gunn
