WATER REGULATION: 35 ILL. )  
ADM. CODE 303.323 )

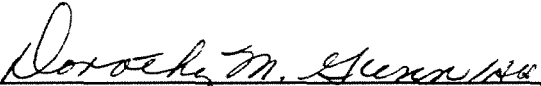

ORDER OF THE BOARD (by M. Nardulli):

On August 19, 1991 Marathon Oil Company filed a petition for amendment to the existing site-specific regulation (35 Ill. Adm. Code 303.323) applicable to its petroleum refinery located near the City of Robinson, Crawford County. This petition fails to satisfy the requirements for proposal for site-specific regulations specified at 35 Ill. Adm. Code 102.140 and 102.141. Notable deficiencies include, but are not limited to, failure to serve all specified persons, failure to address issues of consistency with federal law, failure to propose regulatory language drafted in accordance with 1 Ill. Adm. Code 100.Subpart C, failure to address the advisability of an economic impact study, and failure to present a synopsis of testimony to be presented at hearing. Petitioner is also referred to 35 Ill. Adm. Code 101.106 which sets forth requirements for incorporation of materials from prior Board dockets (see Petition, p. 7).

For the foregoing reasons, the Board does not accept this proposal for hearing. If an amended proposal curing the noted deficiencies is not filed within 60 days of the date of this Order, this matter is subject to dismissal for inadequacy pursuant to 35 Ill. Adm. Code 102.142. Future filings must be correctly captioned as indicated above.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 26<sup>th</sup> day of August, 1991, by a vote of 7-0.
