

ILLINOIS POLLUTION CONTROL BOARD  
December 19, 1991

IN THE MATTER OF: ) R90-1(A)  
TOXIC AIR CONTAMINANT LIST ) R90-1(B)  
(35 ILL. ADM. CODE 232 ) R90-1(C)

ORDER OF THE BOARD (by J. Anderson)

This matter is before the Board on Halogenated Solvent Industry Alliance's (HSIA) motion to separate the consideration of environmental effect from this rulemaking and motion to reconsider the listing of tetrachloroethylene and trichloroethylene as toxic air contaminants filed December 2, 1991; the response of the Illinois Chapter of the Sierra Club to HSIA's motions; the Illinois Environmental Protection Agency's motion for extension of time to answer HSIA's motion regarding listing filed December 9, 1991; the Illinois Steel Group's motion for the Board to prepare an economic impact statement filed December 12, 1991; the Illinois Environmental Regulatory Group's request for economic impact study filed December 11, 1991; and the Illinois Department of Energy and Natural Resource's response to the HSIA motion filed December 16, 1991.

As an initial matter, the Agency's motion for additional time to file a response to HSIA's request to reconsider the listing of tetrachloroethylene and trichloroethylene as toxic air contaminants is granted. The Agency is given, as requested, until December 20, 1991, to file its response.

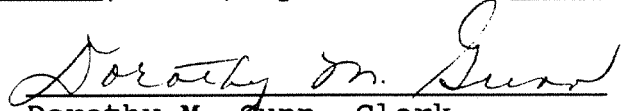

Regarding HSIA's motion to sever the environmental effects considerations from this rulemaking, the Board points out to HSIA that it has already done so. Docket B has been previously reserved for consideration of environmental effects. Docket B was opened in the board's second first notice opinion and order dated September 26, 1991. HSIA's motion either ignores or miscomprehends this opinion and order. In any event, HSIA's motion is ill-founded and is therefore denied.

Finally regarding participants' request that an EcIS be prepared in the R90-1(C) subdocket, the Board reserves its decision on this issue until a later date. The comment period regarding the advisability of an EcIS expired December 12, 1991. The Board's decision deadline for this determination is January 20, 1992.

The participants are reminded to restrict their filings to the proper subdocket: R90-1(A) for the toxic air contaminants list, R90-1(B) for environmental effects consideration and R90-1(C) for reporting requirements for emission sources.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 19~~th~~ day of December, 1991, by a vote of 6-0.

  
Dorothy M. Gunn, Clerk  
Illinois Pollution Control Board
