

ILLINOIS POLLUTION CONTROL BOARD
March 28, 1991

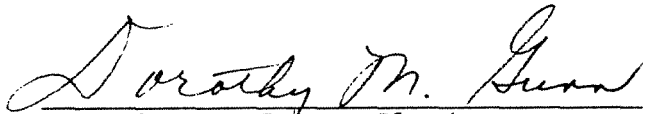

IN THE MATTER OF:)
)
UTILITY INDUSTRY AMENDMENTS) R90-25
TO THE LANDFILL REGULATIONS) (Rulemaking)
(PARTS 810-815))

ORDER OF THE BOARD (by J. Anderson):

On November 29, 1990, the Illinois Utility Group ("Utility Group") filed an original and nine copies of its regulatory proposal in this matter. Included with its proposal was one copy of a report by Baker/TSA Incorporated entitle Groundwater Protection Design Guidelines for the Disposal of Electric Utility Coal Combustion Wastes in Illinois. On March 20, 1991, the Utility Group filed a motion asking the Board to waive its usual filing requirement (an original and nine copies) and allow it to file only five additional copies of the report. In support of its motion, the Utility Group states that it would be unduly burdensome to file nine copies of the report because it consists of three volumes and more than 500 pages. Pursuant to 35 Ill. Adm. Code 102.103, the Board hereby grants the Utility Group's motion and waives the filing requirement of 35 Ill. Adm. Code 101.103.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 28th day of March, 1991, by a vote of 7-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
