 Respondent. )

ORDER OF THE BOARD (by J. Theodore Meyer):

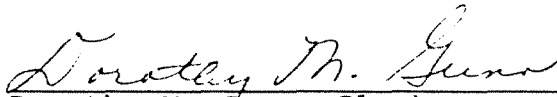

This matter is before the Board on a September 18, 1989 petition for extension and modification of variance, filed by Roadmaster Corporation. Roadmaster seeks an extension of the variance granted by the Board on September 8, 1988, in PCB 87-136. That variance, which expires on September 30, 1989, allows Roadmaster an exemption from 35 Ill. Adm. Code 215.204(j)(3) for volatile organic material (VOM) emissions from its flowcoaters. Roadmaster has also filed for a site-specific rule change for the two flowcoaters in R88-19. On July 13, 1989, the Board proposed for first notice the site-specific relief sought by Roadmaster in R88-19, with certain conditions. Roadmaster now seeks an extension of its variance pending the completion of the rulemaking.

Roadmaster filed its request for extension as a new petition, pursuant to 35 Ill. Adm. Code 104.123. However, because the Board anticipates that the rulemaking process may be completed before it could rule upon the request for variance, the Board will suspend the operation of Section 104.123 for purposes of this proceeding. Roadmaster's request will be treated as a motion. The Illinois Environmental Protection Agency's time to respond to the motion begins to run on the date of this Order. The request will be considered in PCB 87-136. PCB 89-147 is hereby closed.

IT IS SO ORDERED.

J.D. Dumelle dissented and B. Forcade was not present.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 28<sup>th</sup> day of September, 1989, by a vote of 5-1.
