ORDER OF THE BOARD (by J.D. Dumelle):

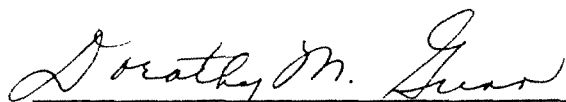

This matter comes before the Board upon the Board's receipt of an Agency Recommendation filed November 30, 1988. The Recommendation sets forth the following pertinent facts.

On November 14, 1988 the Illinois Environmental Protection Agency (Agency) received a letter from Petitioner, Olin Hunt Specialty Products, Inc., requesting a 30-day extension of the 90-day limitation for on-site storage of hazardous wastes set forth at 35 Ill. Adm. Code 722.134(b). Upon review of the Petition the Agency concluded that the hazardous wastes must remain on-site for longer than 90 days due to unforeseen, temporary and uncontrollable circumstances and that compliance with the requirements of 35 Ill. Adm. Code 722.134(b) would impose an arbitrary or unreasonable hardship upon Petitioner. Finally, the Agency urged this Board to grant the requested provisional variance.

The Board does hereby grant Petitioner, Olin Hunt Specialty Products, Inc. a 30-day extension of the 90-day on-site storage limitation of 35 Ill. Adm. Code 722.134(b) from November 9, 1988 to December 9, 1988.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 2nd day of December, 1988 by a vote of 4-0.
