ILLINOIS POLLUTION CONTROL BOARD March 10, 1988

REILLY TAR & CHEMICAL CORP.,)
Petitioner,)
v.) PCB 88-47
ILLINOIS ENVIRONMENTAL PROTECTION AGENCY,)
Respondent.)

ORDER OF THE BOARD (by B. Forcade):

On March 8, 1988, Reilly Tar & Chemical Company ("Reilly") and City of Granite City filed a petition for variance from certain Board regulations regarding the discharge of mercury. That petition is deficient in that:

> It purports to request variance on behalf of the City of Granite City, yet none of the documents requesting variance are signed by a representative of the City of Granite City; and

> The petition seeks extension of a variance (PCB 84-82) and the Board records in that proceeding have been removed for microfilming, therefore, any portions of the PCB 84-82 proceeding which petitioner wishes considered here must be physically reproduced in this record by the Petitioner.

The appearance of out-of-state counsel is accepted by the Board.

Unless an amended petition is filed within 45 days curing the above noted deficiencies, this matter will be subject to dismissal. The amended petition need not include the material already included with the original petition.

IT IS SO ORDERED

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the <u>1012</u> day of <u>March</u>, 1988, by a vote of <u>7-0</u>.

Touther M. Juna

Dorothy M./Gunn, Clerk Illinois Pollution Control Board
