ORDER OF THE BOARD (by B. Forcade):

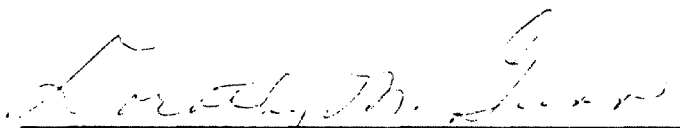

On August 24, 1987, the Amerock Corporation filed a petition for variance extension, seeking to extend its existing variance from the effluent limitations at 35 Ill. Adm. Code 304.124 for hexavalent chromium, total chromium, copper, cyanide, zinc and total suspended solids. That petition is deficient in that it fails to provide:

A plan to achieve full compliance with the Illinois Environmental Protection Act and Board regulations in the event the site-specific regulatory request is denied.

Unless an amended petition is filed within 45 days of the date of this Order, curing the above-noted defect, this matter will be subject to dismissal.

IT IS SO ORDERED

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 4th day of September, 1987, by a vote of 6-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
