ORDER OF THE BOARD (by S.T. Lawton, Jr.):

On September 21, 2000, CC Landfill, Inc. (Landfill) filed an appeal of the denial of its petition for siting of its pollution control facility located in Coles County, Illinois. Landfill appeals the Coles County Board decision, which denied local siting approval for the CC Landfill Pollution Control Facility. On October 19, 2000, the Board accepted the matter involving the Coles County Board for hearing, but dismissed the Coles County Environmental Force (CCEF) and the individual members of the Coles County Board as improper respondents in this matter.

On October 23, 2000, CCEF filed a petition to intervene in this matter with the Board. The petition, dated October 19, 2000, appears to have been sent on the same date as the Board adopted its order. CCEF did not raise any arguments or evidence in its petition that were not before the Board when it dismissed CCEF from this matter on October 19, 2000. The Board denies the petition by CCEF on the same grounds as those set forth in its previous order. Pursuant to Section 40.1(a) of the Environmental Protection Act, in a hearing before the Board regarding the denial of such siting, only the county board or governing body of the municipality shall appear as a respondent. 415 ILCS 5/40.1(a) (1998). CCEF is an environmental organization, not the county board or governing body of the municipality.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 2nd day of November 2000 by a vote of 7-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
