ORDER OF THE BOARD (by B. Forcade):

On January 4, 1988, Amoco Chemical Company ("Amoco") filed a petition for variance for its facilities in Joliet, Willow Springs, and Wood River, Illinois. The Board set the matter for hearing.

However, these facilities are located in separate counties and, as such, hearing must be held in each of those counties. As the original petition sought variance for three facilities in different counties, that petition was defective. The Board rescinds its Order of January 7, 1988, and orders Amoco to file individual petitions for each of its facilities.

Unless amended petitions are filed within 45 days of the date of this Order, curing the above-noted defect, this matter will be subject to dismissal.

IT IS SO ORDERED

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the Alm day of January, 1988, by a vote of 7-0

Dorothy M. Gunn, Clerk

Illinois Pollution Control Board
