)
 ILLINOIS ENVIRONMENTAL)
 PROTECTION AGENCY,)
)
 Respondent.)

ORDER OF THE BOARD (by J.D. Dumelle):

Petitioner seeks a 5-day provisional variance for two water treatment plants [Spring Creek Plant and Sugar Creek Plant] from bacteria effluent standards of 35 Ill. Adm. Code Section 304.121, while chlorination equipment is being repaired. The Illinois Environmental Protection Agency (Agency) has found that compliance with Section 304.121 would impose an arbitrary or unreasonable hardship on Petitioner. The Agency, therefore, recommends that Petitioner be granted a 5-day provisional variance. The Board hereby grants Petitioner a 5-day provisional variance from 35 Ill. Adm. Code Section 304.121 subject to the following conditions:

1. Variance shall commence on the day each chlorination unit is removed from service and shall continue for 5 day for each plant.
2. Petitioner shall notify Patricia Lindsey of the Illinois Environmental Protection Agency [(217) 782-9720] at least 24 hours prior to a chlorination unit being removed from service to begin the repair work.
3. Petitioner shall follow-up the report with written notification to the Agency within five (5) days.
4. Petitioner shall operate and maintain its plants so as to produce the best effluent practicable.
5. Within 10 days of the date of this Order, Petitioner shall execute a Certificate of Acceptance and Agreement which shall be sent to:

Illinois Environmental Protection Agency
Division of Water Pollution Control
2200 Churchill Road
P.O. Box 19276
Springfield, IL 62794-9276
