)
 ILLINOIS ENVIRONMENTAL)
 PROTECTION AGENCY,)
)
 Respondent.)

ORDER OF THE BOARD (by B. Forcade):

On July 13, 1987, Lustour Packaging Corporation ("Lustour") filed a petition for variance from 35 Ill. Adm. Code 215.405, Compliance Dates and Geographical Areas, for two years. That petition is deficient in that it fails to provide:

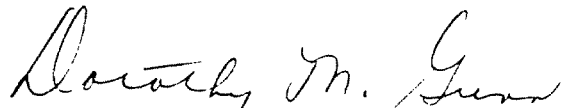

A detailed description of the existing and proposed equipment or proposed method of control to be undertaken to achieve full compliance with the Act and regulations, including a time schedule for the implementation of all phases of the control program from initiation of design to program completion and the estimated costs involved for each phase and the total cost to achieve compliance.

Lustour's intentions (in paragraph f, page 6) to monitor, develop and re-evaluate compliance options does not constitute a compliance program, especially since further research work on water-based coatings has been terminated (paragraph h, page 7) and add-on controls have been repudiated (paragraph k, page 9).

Unless an amended petition is filed within 45 days of the date of this Order, curing the above-noted defect, this matter will be subject to dismissal.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 16th day of July, 1987, by a vote of 6-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
