ILLINOIS POLLUTION CONTROL BOARD May 28, 1987

BEAR HYBRID CORN CO., INC.

Petitioner,

v.

PCB 87-70

ILLINOIS ENVIRONMENTAL PROTECTION AGENCY,

Respondent.

ORDER OF THE BOARD (by J.D. Dumelle):

On May 28, 1987, Bear Hybrid Corn Co., Inc. filed a petition for variance to operate four incinerators at its Decatur and Wapella facilities. This petition is deficient in that it fails to include adequate information on a compliance plan during the period of the requested variance. Additional information on this compliance plan is necessary for the Board to adequately evaluate the petitioner's request for variance. Technology such as overfire air or secondary combustion chambers should be evaluated, as should the feasibility of composting the waste into a soil conditioner.

Unless an amended petition for variance is filed within 45 days curing this defect, this matter will be subject to dismissal.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 38% day of 7%, 1987 by a vote of <u>6-0</u>.

Dorothy M/ Gunn, Clerk Illinois Pollution Control Board
