ILLINOIS POLLUTION CONTROL BOARD June 10, 1987

CITY OF BATAVI	Α,)		
	Petitioner,)		
	v.)	PCB	87-79
ILLINOIS ENVIR)		
	Respondent.)		

ORDER OF THE BOARD (by B. Forcade):

On June 8, 1987, the City of Batavia filed a petition for motion for modification of prior variance seeking relief from regulations on restricted status and standards for permit issuance as those regulations pertain to limitations on combined Radium-226 and 228. That petition is deficient in that it fails to provide:

> Sufficient information of the pumping rates on the wells, blending capacities, and distribution system to allow the Board to determine whether blending could be used to reduce the contamination levels, and all additional information on past levels of radium sampling and analysis or a statement that no additional data exist.

Unless an amended petition is filed within 45 days of the date of this Order, curing the above-noted defect, this matter will be subject to dismissal.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the /out day of une , 1987, by a vote

> Dorothy M. Gunn,

Illinois Pollution Control Board
