ORDER OF THE BOARD (by J. Anderson):

This petition, filed October 24, 1986, is unclear or deficient in two respects:

- 1) The Board grants variance from NPDES permit conditions to the extent that such conditions are derived from Board regulations. While it would appear that variance may be necessary from 35 Ill. Adm. Code 304.124 (see Pet. pars. 14-15), petitioner should specify from which Board regulations variance is sought.
- 2) The mere statement of an intent to file a petition for site-specific relief is an insufficient compliance plan.

If an amended petition curing these deficiencies is not filed within 45 days of the date of this Order, this petition will be subject to dismissal.

IT IS SO ORDERED.

Dorothy M. Gunn, Clerk

Illinois Pollution Control Board
