OPINION AND ORDER OF THE BOARD (by C.A. Manning):

On December 3, 1998, the parties filed a stipulation and proposal for settlement. The Board accepts the stipulation and proposal for settlement filed by the parties in this matter. The complaint alleged that the respondent violated Sections 9(a), 9(b), and 39.5(6)(b) of the Environmental Protection Act (Act) (415 ILCS 5/9(a), 9(b), 39.5(6)(b) (1996)) and 35 Ill. Adm. Code 201.143, 201.144, 270.201(c), 201.302(a), and 254.302 by operating an existing emission source and air pollution control equipment without a permit, by operating a major stationary source without a permit, by failing to timely submit annual emission reports, and by operating a new emission source and air pollution control equipment without a permit.

Pursuant to Section 31(c)(2) of the Act (415 ILCS 5/31(c)(2) (1996)), the Board caused publication of the required newspaper notice of the stipulation and proposal for settlement and request for relief from the hearing requirement. The Board did not receive any requests for hearing. Accordingly, the Board grants a waiver from the hearing requirement.

The stipulation and proposal for settlement sets forth the facts relating to the nature, operations, and circumstances surrounding the allegations in the complaint. The respondent neither admits nor denies the alleged violations and agrees to pay a civil penalty of \$25,000. Respondent must continue to comply with any federal, State, or local regulations including, but not limited to, the Act and the Board's regulations.

This opinion constitutes the Board's findings of fact and conclusions of law in this matter.
