PCB 83-166

ORDER OF THE BOARD (by B. Forcade):

On June 24, 1986, Mobil Chemical Company ("Mobil") filed a signed certification of acceptance of conditions associated with the variance modification granted by the Board on May 9, 1986. A letter accompanied the signed certification which noted a probable typographical error in the language of the order and requested clarification. The Board will construe this letter as a motion to correct a clerical mistake pursuant to 35 Ill. Adm. Code 103.241(a). This motion is granted and the clarification and correction requested by Mobil is provided in the instant order.

The error in question is found in paragraph two of the May 9, 1986, Order where the word "optional" is found. As Mobil has pointed out, similar language in previous orders regarding this facility have used the word "optimal" which better comports with the Board's intent regarding this condition. The corrected language of the order granting modification of variance is provided, in full, below:

The variance from 35 Ill. Adm. Code 302.121 and 302.218 previously granted to Mobil Chemical Company ("Mobil"), DePue facility, for Outfall 002 on August 22, 1984, is hereby modified by the conditions established in this Order. The following conditions replace the conditions established in the August 22, 1984, Board Order:

1. The variance shall commence on November 15, 1983, and expire on July 1, 1987.
  
2. Mobil shall at all times maintain and operate its existing bypass/sump/collection system in such a manner as to achieve optimal performance. This shall include measures to prevent or alleviate the buildup of silt in the pumping station.

3. Mobil shall perform sampling and analyses in accordance with NPDES permit IL 0032182. In addition, unionized ammonia shall be monitored or calculated at the same frequency as total ammonia nitrogen.
4. Until completion of the proposed compliance alternative, water quality at Outfall 002 shall not exceed the following limitations (in mg/l):

	<u>Monthly Ave.</u>	<u>Maximum</u>
Ammonia	50.0	59.0
Fluoride	6.0	9.0
Total Dissolved Solids	1530.00	1900.0
Sulfate	920.00	1340.0

5. Mobil shall commence construction of its proposed improvements within thirty (30) days of the date of receipt of a construction permit from the Agency.
6. Petitioner shall complete construction of the proposed improvements as expeditiously as possible but in no event later than April 30, 1986, unless an Agency construction permit has not been granted.
7. On May 1, 1986, or upon completion of the proposed facilities, whichever occurs first, until the variance expires water quality at Outfall 002 shall not exceed the following limitations (in mg/l):

	<u>Monthly Ave.</u>	<u>Maximum</u>
Ammonia	10.0	15.0

8. If by December 1, 1986, it is apparent that Mobil's discharge at Outfall 002 will continue to cause water quality violations, then Mobil shall meet the following schedule:
  - a. By February 1, 1987, Mobil shall submit plans and specifications for its ultimate compliance plan;
  - b. By May 1, 1987, Mobil shall commence construction of its ultimate compliance option;
  - c. By June 15, 1987, Mobil shall complete construction of its ultimate compliance option; and
  - d. By July 1, 1987, Petitioner shall attain operational status of its ultimate compliance option and meet all water quality parameters at Outfall 002.

- 9. Within 45 days of the date of this Order, Mobil Chemical Company shall execute a Certification of Acceptance and Agreement to be bound to all terms and conditions of this variance. Said Certification shall be submitted to the Agency at 2200 Churchill Road, Springfield, Illinois 62706. The 45-day period shall be held in abeyance during any period that this matter is being appealed. The form of said Certification shall be as follows:

CERTIFICATION

I, (We), \_\_\_\_\_, hereby accept and agree to be bound by all terms and conditions of the Order of the Pollution Control Board in PCB 83-166, May 9, 1986.

\_\_\_\_\_  
Petitioner

\_\_\_\_\_  
Authorized Agent

\_\_\_\_\_  
Title

\_\_\_\_\_  
Date

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 11th day of July, 1986, by a vote of 6-0.

Dorothy M. Gunn
