 Respondent. )

ORDER OF THE BOARD (by J. Anderson):

This matter comes before the Board upon a February 26, 1985 appeal by the Village of Bloomingdale of an NPDES Permit No. IL0021130 condition requiring "that effluent ammonia nitrogen limitations be met no later than July 1, 1988." Since the date of permit issuance does not appear in the petition, the Board cannot determine if this filing is timely pursuant to 35 Ill. Adm. Code 105.102(b)(4). Further, pursuant to 35 Ill. Adm. Code 105.102(b)(7), the Board on its own motion requests the Village to specify the errors upon which it relies. More specifically, the Board needs to know whether the ammonia nitrogen limitation itself is being contested (and, if so, what that limitation is) or whether the date for compliance is contested, or both. Finally, if the date is contested the Board needs to know more specifically the basis for contesting that date.

Unless this further specification is filed within 21 days of the date of this Order satisfying these concerns, the petition will be subject to dismissal.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 7<sup>th</sup> day of March, 1985, by a vote of 4-0.
