

ILLINOIS POLLUTION CONTROL BOARD
June 29, 1984

IN THE MATTER OF THE)
)
PETITION OF WAGNER CASTING) R83-35
COMPANY FOR A SITE-SPECIFIC)
OPERATIONAL LEVEL PURSUANT)
TO 35 ILL. ADM. CODE 901.105)

PROPOSED RULE. SECOND NOTICE.

ORDER OF THE BOARD (by J. Marlin):

In its Proposed Opinion and Order of April 5, 1984, the Board proposed to adopt a new rule, 35 Ill. Adm. Code 901.113. First notice of this proposal was published at 8 Ill. Reg. 5081, April 20, 1984. The first notice comment period ended on June 4, 1984. The Administrative Code Unit submitted a comment on April 20, 1984 concerning Illinois Register first notice format. Wagner Casting commented on a question directed to it in the first notice opinion: whether the replacement of 1 or more hammers of varying size would cause the petitioner to exceed the estimated noise levels stated in prior testimony.

The Wagner comments were received on May 17, 1984. Wagner states that it currently has no plans to replace any of the hammers. However, it further states that the replacement of 1 or 2 of the existing 9 Erie drop forge hammers with similar hammers or the addition of a tenth backup hammer would have minimal effect on the level of sound emitted from the forge shop.

No comments were received from the Illinois Environmental Protection Agency.

The Board therefore directs that second notice of the following rule be submitted to the Joint Committee on Administrative Rules:

TITLE 35: ENVIRONMENTAL PROTECTION
SUBTITLE H: NOISE
CHAPTER I: POLLUTION CONTROL BOARD

PART 901
SOUND EMISSION STANDARDS AND LIMITATIONS
FOR PROPERTY LINE-NOISE-SOURCES

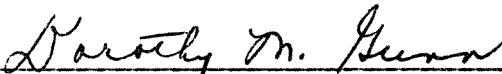

Section 901.113 Wagner Casting Site-Specific Operational Level

Wagner Casting Company and future owners of the forging facility located at the southeast corner of Sangamon and Jasper Streets in Decatur, Illinois, must comply with the following site-specific operational level or are otherwise subject to Section 901.105(c)

- a) No more than nine forging hammers shall be operated at any one time; and
- b) Operation of forging hammers is limited to Monday at 5:00 a.m. through Saturday at 9:00 p.m.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 29th day of June, 1984 by a vote of 5-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
