ORDER OF THE BOARD (by B. Forcade):

On March 21, 1984 Commonwealth Edison Company filed a petition for variance concerning its Joliet generating facility.

Insofar as that petition requests a variance from 35 Ill. Adm. Code 302.211(e), it is deficient for failing to include a plan and schedule for full compliance as required by 35 Ill. Adm. Code 104.121(f).

Insofar as that petition requests a variance from Section 302.211(f), it is deficient in that it fails to allege arbitrary and unreasonable hardship (Section 104.121(d)) and a compliance plan and schedule (Section 104.121(f)) distinct from that for the variance requested from Section 302.211(e).

Unless an amended petition is filed within 45 days curing the above noted defects, this matter will be subject to dismissal.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 5th day of April, 1984 by a vote of 6-0.

Christan L. Moffett, Clerk
Illinois Pollution Control Board
