)
) Respondent.)

ORDER OF THE BOARD (by J.D. Dumelle):

On August 5, 1983 the Quaker Oats Company filed a petition for variance from Section 12(a) of the Illinois Environmental Protection Act and 35 Ill. Adm. Code 304.102(a) and 304.141 to allow wastewater discharges from its paperboard manufacturing plant in Pekin, through an "industrial ditch" and a "short channel" to the Illinois River in excess of its permit limitations.

That petition is deficient in that hearing is neither requested nor waived as required by Section 104.124 of the procedural rules. Further, the assessment of the environmental impact is limited to the impact upon the Illinois River and additional information should be provided regarding the character of the "industrial ditch" and the "short channel" and the environmental impact upon them.

Unless an amended petition is filed within 45 days of the date of this Order curing the above-noted defects, this petition will be subject to dismissal.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board hereby certify that the above Order was adopted on the 18th day of August, 1983 by a vote of 5-0.

Christan L. Moffett, Clerk
Illinois Pollution Control Board
