) Respondent.)

ORDER OF THE BOARD (by J. Anderson):

On October 11, 1983 Quaker moved to strike the Agency's Recommendation, alleging that it does not contain Agency cost estimates in accordance with Section 104.180(a)(4) of the Board's Procedural Rules. The Agency filed a Response in Opposition on October 20, 1983.

The motion to strike is denied. At the scheduled November 16 hearing it is suggested that the Agency comment upon the cost figures cited by Quaker for a granulated carbon absorption system, and present any information it may have concerning the costs of an activated sludge treatment system. It is further suggested that Quaker, either at hearing or by way of amended petition, comment on the various compliance methods reported by the Agency in its Recommendation to be in use by other members of the paperboard industry and/or further discuss its reasons for commitment to its tertiary treatment system.

IT IS SO ORDERED.

Board Member J. Theodore Meyer dissented.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 3RD day of November, 1983 by a vote of 4-1.
