ORDER OF THE BOARD (by J. Anderson):

This petition, filed November 15, 1983 and seeking an extension of the variance granted in PCB 82-18, is deficient in a number of respects, despite incorporation of the previous record. The petition does not provide or detail "the performance data generated in the last year...[or the] technological and geological limitations that have become known during the past year" (Pet., par. 8). No updated environmental or hardship justification is given for the requested 5-year extension. Additionally, the petition neither specifically requested or waived hearing as required by Section 104.124 of the Board's Procedural Rules.

If an amended petition curing these deficiencies is not filed within 45 days of the date of this Order, this petition will be subject to dismissal.

The November 15, 1983 Motion of Winfred T. Colbert to appear in this matter is hereby granted.

IT IS SO ORDERED.

Board Members W. Forcade and J. Marlin abstained.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 18th day of November, 1983 by a vote of 5-0.
