ORDER OF THE BOARD (by J.D. Dumelle):

On August 30, 1982 the Joliet Army Ammunition Plant (JAAP) filed a petition seeking "expansion of the allowable materials to be burned" under Rule 504(a)(4) of Chapter 2: Air Pollution. In order to obtain that relief, variance is more properly requested from Rule 502(a) of Chapter 2. Further, hearing is neither waived nor requested pursuant to Section 104.124 of the Procedural Rules [old Rule 401(b)]. Finally, more information, if possible, should be submitted regarding costs and environmental impact: e.g. the cost of landfilling and the attendant harm and any specifications which the air curtain destructor is designed to meet.

Unless JAAP files an amended petition within 45 days of the date of this Order curing the above-noted defects, this petition will be subject to dismissal.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Order was adopted on the Apple day of Spetember, 1982 by a vote of
