## **SUBPART A: GENERAL PROVISIONS**

### **Section 709.102 Definitions**

The definitions of 35 Ill. Adm. Code 729.301 apply to this Part, in addition to the following terms:

"Act" means the Environmental Protection Act (Ill. Rev. Stat. 1983, ch. 111 1/2, par. 1001)

"Agency" means the Illinois Environmental Protection Agency

"Board" means the Illinois Pollution Control Board

"Hazardous wastestream" means a "wastestream" which includes a "hazardous waste"

"Wastestream" means a "solid waste" as defined in 35 Ill. Adm. Code 721, which is routinely or periodically produced by a certain generator as a result of a certain activity, production process or treatment process. The Agency may issue multiple wastestream authorizations for a single wastestream, each identifying a different disposer or disposal method. The Agency may allow the combination of wastestreams into a single wastestream if such combination does not limit the possibilities for treatment, recycling or disposal of the wastes.

### **Section 709.103 Deemed-issued Wastestream Authorizations**

- a) If prior to July 5, 1984, the Agency issued a supplemental permit pursuant to 35 Ill. Adm. Code 807.210 for a residual from the treatment of liquid hazardous waste, and such supplemental permit is valid, such supplemental permit shall be deemed a wastestream authorization until such time as the Agency grants or denies a wastestream authorization, provided:
  - 1) the residual meets one of the standards in 35 Ill. Adm. Code 729.310(b); and,
  - 2) such person submitted an application, pursuant to Section 709.301, for a wastestream authorization to the Agency by September 7, 1984.
  
- b) A supplemental permit shall cease to be deemed a wastestream authorization:
  - 1) On September 7, 1984, unless an application for a wastestream authorization has been received by the Agency; or,
  - 2) When the Agency grants or denies a wastestream authorization.

**Section 709.104      Expiration of Supplemental Permits**

- a) Supplemental permits, issued pursuant to 35 Ill. Adm. Code 807.210, for liquid hazardous waste wastestreams which are restricted under 35 Ill. Adm. Code 729.310, became void after July 5, 1984.
- b) Supplemental permits for wastestreams containing halogenated compounds which are prohibited pursuant to 35 Ill. Adm. Code 729.240 or 729.241 became void after December 4, 1984.
- c) The Agency shall review existing supplemental permits to identify those which appear to authorize disposal in landfills of wastes which are restricted or prohibited, including those which the Agency believes became void on July 5, 1984, or December 4, 1984. The Agency shall notify persons with supplemental permits it believes authorize disposal of wastes which are restricted or prohibited. The Agency shall give each permittee the opportunity to demonstrate, by filing a new application within 60 days after receipt of notice, compliance with the restriction or prohibition before modifying or denying a supplemental permit.
