ORDER OF THE BOARD (by J.D. Dumelle):

On August 6, 1981 Dow Chemical U.S.A. filed a petition for variance from Rules 203(d), 402 and 962(a) as they apply to dissolved oxygen, and Rules 910(a)(4) and 910(b) of Chapter 3: Water Pollution. Relief from Rule 404(f) is also requested, but that part of the petition is hereby dismissed in that Rule 404(f) has been deleted.

Hearing was properly waived, but no affidavit in support of the material facts alleged accompanied the petition. Unless an amended petition is filed within 45 days of the date of this Order curing the above-noted defect, this petition will be subject to dismissal.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 20th day of August, 1981 by a vote of S.O.

Christan L. Moffett, Clerk
Illinois Pollution Control Board
