ORDER OF THE BOARD (by D. Anderson):

On October 16, 1981 Quality Ready Mixed Concrete Products filed a petition for extension of a variance to burn in an air curtain destructor lumber removed from scrapped railroad cars (PCB 76-224, 24 PCB 261, November 10, 1976). The Board notes that it has recently granted a similar variance to the City of Freeport (PCB 81-57, September 3, 1981). A motion to dismiss was filed on October 22, 1981.

The petition is deficient in a number of respects, including failure to supply information required by Procedural Rules 401(a), 401(c) and 401(d). Petitioner has waived its right to a hearing but has not included an affidavit as required by Procedural Rule 401(b). The petition will be subject to dismissal unless an amended petition addressing the noted deficiencies is filed within 45 days of the date of this Order. The decision period will commence with the filing of such amendment. The motion to dismiss is denied.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 22nd day of October, 1981 by a vote of 5-0.

Christan L. Moffett, Clerk
Illinois Pollution Control Board
