ORDER OF THE BOARD (by D. Satchell):

On June 15, 1981 the Village of Hartford filed a petition for variance from Rule 602(c) of Chapter 3: Water Pollution. The petition is deficient in a number of respects. Hartford has failed to specifically request or waive a hearing [Procedural Rule 401(b)]. If a hearing is to be waived, an affidavit or other proof of material facts must be provided. In either event, the petition should be signed [Rule 104(d)].

The petition fails to meet the requirements of Procedural Rule 401(a), including the following. The petition appears to disclose violations of effluent standards of Part IV of Chapter 3, however, no variance is requested from the effluent standards [Rule 401(a)(1)]. Concentrations of present and expected effluents are not given [Rule 401(a)(5)]. Interim standards are not proposed and there is no identification of and statement of impact on downstream water users [Rule 401(a)(10)]. Furthermore, there is no time schedule for achieving full compliance [Rule 401(a)(6) and Section 36 of the Environmental Protection Act].

The petition will be subject to dismissal unless an amended petition addressing the noted deficiencies is filed within forty-five days of the date of this Order. The decision period will commence with the filing of such amended petition.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 25<sup>th</sup> day of June, 1981 by a vote of 4-0.
