ORDER OF THE BOARD (by D. Satchell):

On May 13, 1980 Akron Land Corporation (Akron) filed a motion to cancel permit and terminate proceedings. The motion states that Akron has learned that data relating to horizontal permeability from the field packer test is in error. Based on new information, the present design is not appropriate without modification, although the site may still be appropriate for a landfill. The motion is granted. This matter is remanded to the Illinois Environmental Protection Agency for revocation of the permit in question.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 14th day of man ___, 1981 by a vote of \mathcal{S}

Illinois Pollution Control Board
