ORDER OF THE BOARD (by Mr. Dumelle):

On June 29, 1979 Petitioner requested a variance from the requirements of Rule 304 C 1 of Chapter 6: Public Water Supplies. The Petition is deficient in two respects. First, it fails to state the nature and extent of Petitioner's present failure to meet Rule 304 C 1 as required by Procedural Rule 401(a)(5). Specifically it fails to state whether non-compliance is based on excessive concentrations of radium-226 and radium-228, concentrations of gross alpha particle activity, or both. Second, it fails to describe in detail Petitioner's time schedule for compliance with Rule 304 C 1. If these deficiencies are not corrected within 45 days of the date of this Order, this matter will be subject to dismissal. The statutory 90 day decision period shall run from the date an amended petition is filed.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Order was adopted on the 12th day of July, 1979 by a vote of 5-0.
