ORDER OF THE BOARD (by Mr. Goodman):

On March 27, 1979, the Environmental Protection Agency filed a Motion to Consolidate the above-captioned proceedings. On March 28, 1979, the Agency filed a Memorandum in Support of Motion to Consolidate, in which it argues that the records of the hearings in these three cases, taken as a whole, show that the three sets of proposed regulations are interdependent in that the Agency is relying upon all three to make the necessary showing for approval of the proposed SIP revisions by U.S. Environmental Protection Agency.

The Board finds that these three proceedings do involve interrelated issues and that consolidation is appropriate. The Motion to Consolidate is hereby granted.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Order was adopted on the 29th day of March, 1979 by a vote of 5-0.

  
Christan L. Moffett, Clerk
