ILLINOIS POLLUTION CONTROL BOARD July 20, 1978

ORDER OF THE BOARD (by Mr. Goodman):

Central Illinois Public Service Company (CIPS), in a "Motion For Additional Time For Accepting Variance," has requested the Board grant an additional 90 days in which to accept the conditions of a variance granted April 27, 1978 in PCB 77-221. Alternatively, CIPS tenders its certification of acceptance and agreement of the Board's Order of April 27, 1978. The Illinois EPA, through the Attorney General, urges the Board to deny the motion.

In essence, CIPS is saying that it wants, or might want in the future, a variance with different conditions than those contained in the Board's Order of April 27, 1978. This does not support the request for additional time to accept this variance. Absent any other reasons for the requested delay, the Board finds the motion for additional time to be without merit, and it is denied. The Board will accept the Certification of Acceptance and Agreement.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Order was adopted on the 20 day of ______, 1978 by a vote of ______.
