ENVIRONMENTAL PROTECTION AGENCY,)
)
Respondent.)

ORDER OF THE BOARD (by Mr. Young):

On July 20, 1978, the Hen House Restaurant Treatment Plant filed a Petition for Variance with the Board for relief from the requirements of Rules 203(c) and 203(f) (ammonia nitrogen) of Chapter 3: Water Pollution Regulations. The Petition is inadequate for failure to provide an adequate description of the existing equipment as required by Procedural Rule 401(a) (6). The Petition also fails to include a sufficient effluent and water quality data to ascertain the environmental impact of this discharge as required by Procedural Rule 401(a) (7).

Petitioner will be granted 45 days from the date of this Order to amend this Petition or it will be dismissed as inadequate. The 90-day period will begin with the filing of the Amended Petition.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Order was adopted on the 3rd day of August, 1978 by a vote of 5-0.

Christan L. Moffett, Clerk
Illinois Pollution Control Board
