ORDER OF THE BOARD (by Mr. Dumelle):

On September 13, 1978 Petitioner requested a variance from the Board's Air Pollution Control Regulations as they pertain to grain loading operations. The Petition is insufficient in several respects. First, it fails to assess the environmental impact of the requested relief as required by Procedural Rule 401(a)(7). Second, it fails to describe a control program which will result in compliance with the Board's standards by July 1, 1979 as required by Section 113 of the Clean Air Act; or, in the alternative, the need for a revision to the State Implementation Plan under Section 110 of the Clean Air Act in the event relief is needed beyond July 1, 1979. Third, it fails to specifically request or waive a hearing as required by Procedural Rule 401(b). Consequently, this matter is hereby dismissed without prejudice.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Order was adopted on the 21ST day of September, 1978 by a vote of 4-0.

Christan L. Moffett, Clerk
Illinois Pollution Control Board
