ORDER OF THE BOARD (by Mr. Dumelle):

It is the Order of the Pollution Control Board that

- 1) the original Petitioner, Village of Bloomingdale, and each of the joined parties be granted a variance from Chapter 3, Rules 203(d) and 402 as they apply to dissolved oxygen, and Rules 962(a) and 902(i)(1) as they relate to conformance with the Board's dissolved oxygen water quality standards for a period of five years;
- 2) the original Petitioner, Village of Bloomingdale, and each of the joined parties that is subject to Chapter 3, Rule 404(f), be granted a variance from Rule 404(f) so as to be allowed to discharge up to a 10 mg/l BOD and 12 mg/l suspended solids standard for a period of five years or until a final decision is reached in R77-12, Docket C, whichever occurs first;
- 3) the original Petitioner, Village of Bloomingdale, be denied a variance from Rules 203(f) and 402 of Chapter 3 as they relate to ammonia nitrogen, for its proposed interim expansion of its sewage treatment plant;
- 4) the Agency, pursuant to Rule 914 of Chapter 3, shall reissue NPDES permits to the original Petitioner, Village of Bloomingdale, and each of the joined parties, consistent with this Order including such effluent limitations as may reasonably be achieved through application of best practicable operation and maintenance practices in their respective facilities; and
- 5) this variance does not apply to any discharger who, by virtue of a prior variance or NPDES permit is presently allowed to discharge at a level in excess of 10 mg/l BOD and 12 mg/l suspended solids.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Order was adopted on the 19th day of October, 1978 by a vote of 4-0.
