## ILLINOIS POLLUTION CONTROL BOARD April 27, 1978

CENTRAL ILLINOIS PUBLIC SERVICE COMPANY (COFFEEN POWER STATION),

Petitioner,

v.

PCB 78-63

ENVIRONMENTAL PROTECTION AGENCY,

Respondent.

ORDER OF THE BOARD (by Mr. Goodman):

On March 9, 1978, Central Illinois Public Service Company (CIPS) filed a Petition for Variance from Rules 203(i)(1-4) of Chapter 3: Water Pollution, so that heated condenser cooling water may continue to be discharged until a final rule change pursuant to Rule 203(i)(10) of Chapter 3 could be adopted by the Board. In an earlier action today, the Board decided PCB 77-158, CIPS' presentation for alternative thermal standards for Coffeen Lake pursuant to Rule 203(i)(10). Although the Board in that proceeding did not grant CIPS' Petition for alternate thermal standards for Coffeen Lake, it did grant the proposed standard as an interim limitation for a period of three years. The Board finds therefore that the relief requested by CIPS in this proceeding has been granted in PCB 77-158 and hereby dismisses the Petition in PCB 78-63 as moot.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Order was adopted on the <u>27</u> day of <u>Anil</u>, 1978 by a vote of <u>5-0</u>.

Christan L. Mof**let**t, Clerk Illinois Pollution Control Board
